## MUSICAL RECITAL BY LOCAL PUPILS SUCCESSFUL EVENT

A very enjoyable evening entertainment was given, last Monday in the Oddfellow Hall, by the pupils of the local music teachers, Mrs. H. N. Freeman; Mrs. D. W. Parsons and Mrs. G. McNutt (piano) and of Mr. Swindlehurst (one pupil on violin).

The lengthy program (given below) lost nothing in interest by the inclusion of every one of the pupils because the youngest of the pupils gave a very creditable rendering of their simpler pieces. The program was as follows:

1. Trio, (a) Minutette—Newton, (b) Parade of Soldiers—Bohn by Ronie and Barbara Forryan and Ruth Parsons.

2. Solo, (a) Pas des Amphores—Chaminade.

(b) Angels Serenade.

(c) Polka—by Lloyd Reynolds

3. Duet, Sur le Grace—Van Gael; by Barbara Forryan and Ada McAdie.

4. Solo, (a) Johnnie on the Spot—Rolle

(b) Thru the Air—Kern—by Lily Pitman.

5. Solo (a) Turkish Dance—Bugbee.

(b) Song Without Words—Bugbee.

(c) The Music Box—Bugbee by Marjorie Folkins.

6. Duet, Soldiers Parade—Van Gael; by Harker Saul and Arthur Harris.

7. Solo, Homeward Bound—Anthony; by Douglas McKechnie

8. Solo, (a) Stately Grace—Brown.

(b) Sonata in F—Beethoven by Ronie Forryan

9. Duet, The Race Course—Blake; by Heather Richardson.

10. Solo, (a) Flower Song—Savage.

(b) 1 & 3 Mov. of Beethoven's Sonata.

(c) Dream of Yesterday; by Ruth Cryderman.

11. Solo (a) Rondo in F—Diabelli.

(b) Spanish Waltz—Barcelona—William Bains; by Betty Forryan.

12. Duet, Piccola—Van Gael, by Barbara Forryan and Douglas McKechnie.

13. Solo, March of the Wild Sages—Iveshorn; by Helene Saker.

14. Solo, (a) In Hanging Gardens—Davies.

(b) Waltz from Faust—Gounod.

(c) Pride of the Regiment—Crammond; by Irene Palmer.

15. Duet, Rose Petals—Sawson; by Marjorie Folkins and Claire Richardson.

16. Solo, (a) Donkey Trail—Tiecrance.

(b) Turkish March—Parlow, by Arthur Harris.

17. Duet, En Route—Engleman by Daisy MacDonald and Lily Pitman.

## LOCAL HAPPENINGS

Mr. Joseph Lien is visiting for a week or two with his friends at Prospect Valley and Rosos.

Mr. J. Robinson, of Ribstone, spent the Easter vacation at Edmonton.

Mrs. J. King of Mundare is visiting her parents, Col. and Mrs. Rodden.

Work in the field has again become general. It's good to be on the fields before Easter.

Mrs. Burton has returned to Abernethy, Sask., after visiting her parents Mr. and Mrs. W. Cargill.

Miss Todd was a visitor to Edmonton during the Easter vacation.

Save many hours of tiresome walking. Buy a harrow cart from I. E. Collett.

Miss Baxter, teacher of Woodford school left for Edmonton Monday, to attend the teachers convention.

Mr. and Mrs. George Beattie are in residence in the Woodward house on Second Avenue.

John Couches has invested in a four furrow disc harrow.

Mrs. Bisset returned on Friday of last week from an extended visit to Edmonton and Calgary and other points west.

Always a square deal at Sakers

## WEDDING BELLS

### LALLY-RODDEN

A pretty wedding was solemnized at the residence of Lt. Col. and Mrs. W. Rodden, Chauvin, Tuesday April 14th, when Miss Molly B. Rodden was given in marriage to Mr. C. T. Lally of Wainwright. The ceremony being performed by Rev. P. F. MacSweeney of Chauvin. The bride attended by her sister Mrs. J. L. King of Mundare, was charmingly attired in a beautiful dress of sand crepe de chene with coral trimming. After the ceremony a reception was held, a large number of friends being present. The happy couple were recipients of many beautiful presents.

Mr. and Mrs. Lally left Chauvin by the evening train for their honeymoon trip after which they will take up their residence at Wainwright. They may be heartily assured that the good wishes of the Chauvin district are entirely theirs.

A new shipment of genuine Parker fountain pens—a real pen—Toronto prices. The Chauvin Pharmacy.

## RIBSTONE CREEK WATER

Last January notice appeared in the Wainwright Star of an application by Geo. Smith and Sons for a water right to divert water for irrigation purposes from the Ribstone Creek. A petition against granting such right was signed by 80 actual settlers on the Creek who depend on creek water for their stock, some of whom also depend on hay and pasture off the creek bottom for their living.

For several years past, it was claimed by the petitioners, Messrs Smith have illegally dammed the creek and irrigated their meadows, completely drying up the creek for considerable periods and some farmers claim to have lost stock during their being deprived of the much needed water.

The farmers have made complaint to the Irrigation Branch at Calgary of the Department of the Interior for the past two years and 3 visits have been made by officials of that Department, who reported that the damage, if any, was very much exaggerated and favor the idea of Messrs Smith being allowed to continue to irrigate on a proper water right at high water stages only.

The municipality of Gilt Edge passed a resolution at a meeting of that Council to prevent diversion of Ribstone Creek water by anyone, particularly Messrs Smith.

The Municipal Council of Vale also refused to accept or pass the blueprints submitted by Messrs Smith for diversion of Ribstone Creek water, it being shown by that blueprint that ditches to carry this diverted water even crossed the highway several times.

Last week a Federal Govt. Official visited the district to investigate at the proposed dam. He agreed to meet those settlers it affected, on Wednesday after having visited and inspected the immediate neighbourhood of this dam. In spite of only one clear days notice of this meeting being given, fifty-three settlers attended; these covering a distance of over thirty miles along the creek. The district north of Chauvin sent John Duncan as their delegate and Ribstone sent Mr. Burton, Edgerton, Heath and Ribstone Lake residents appeared in person. Mr. Jas. Milne was called upon to act as chairman of the meeting and outlined the causes of the protest, producing correspondence from the Irrigation Branch at Calgary, which admitted the illegal obstruction and taking out water for irrigating purposes by Messrs Smith. The Department Official told those present that even if Messrs Smith took the high water at flood periods it would not affect those below them on the creek. A heated discussion followed on this point and on the motion of Mr. Burton seconded by Councillor Wallace,

JUST A LITTLE SMILE

A bank takes on a number of young men during the summer. On their salary receipts is printed a legend something like this: "Your salary is your personal business—a confidential matter—and should not be disclosed to anybody else."

One of the new boys, in signing this receipt, added: "I won't mention it to anybody. I'm just as much ashamed of it as you are."

"If I only knew what to do with baby," mamma wailed in despair.

"Didn't you get a book of instructions with it, mamma?" queried little Dorothy.

"Thish match won't light."  
"Washa madda with it!"  
"I dunno—it lit all right a minute ago."

Binks: "The under-crust to that chicken pie you brought me was abominably tough."  
Waiter: There wasn't any under crust to that pie, sir; it was served on a paper plate and you have eaten it."

DR. W. A. P. TERNAN  
Office and Residence  
CHAUVIN. ALBERTA

"What precautions do you take against microbes?"  
"First I boil the water—"  
"Yes. And then?"  
"Then I sterilize it—"  
"That's right, and then?"  
"I drink nothing but beer."

A young lawyer was appointed to defend a negro who was too poor to hire counsel for his own. After the jury was in the box the young lawyer challenged several jurymen who, his client said had a prejudice against him.

"Are there any more jurymen who have a prejudice against you?" whispered the young lawyer.

"No, boss, de jury am all right, but now I wants you to challenge de judge. I has been convicted under him several times already, and maybe he is beginning to hab a prejudice against me."

He was rushing through the station when a pretty woman stopped him.

"Would you please help the Working Girls' Home!"

"Certainly, but I haven't much time. Where are they?"

"Do you suffer from cold feet?" the doctor asked the young wife.

"Yes," she replied.

"Oh," she said, nervously. "They're not mine."

A lawyer was always lecturing his office boy, whether he needed it or not. One day he chanced to hear the following conversation between the boy and one employed next door. "How much does he pay you?" asked the latter.

"I get \$2000 a year," replied the lawyer's boy; "\$10 a week and the rest in legal advice."

Mose Lightfoot, one of the best foot carriers on the job, lost his footing and fell to the street, four stories below.

Mose lit on his head, struck the cement pavement and went through to the basement.

When the foreman went to the basement, expecting to find Mose cold and stiff, he met Mose coming up the steps.

"Great Scott, man, aren't you killed," he cried.

"No," Mose replied, dusting off his clothes. "I guess dat concrete pavement must broke mah fall."

A clergyman met a parishoner of dissolute habits.

"I was surprised but very pleased to see you at the prayer meeting last night," he said.

"So that's where I was!" replied the man.

"You're married; tell me how to propose."

"I don't know. I married a widow."

## COLONIZATION ORGANIZ- ATION GIVEN CHARTER

To further the aggressive land settlement policy of the Department of Colonization and Development, Canadian National Railways, a charter has been granted at Ottawa to the Canadian National Land Settlement Association, and the newly incorporated body possesses power of a wide character designed to obtain important results in colonization throughout the dominion. The purpose in seeking incorporation is to assist in bringing about settlement of vacant land in Canada, more particularly along the lines of the Canadian National Railways, and to give advice and assistance to settlers entering or now located in Canada.

## RIBSTONE CREEK WATER

(Continued from Page One)

It was decided to ask the Minister of the Interior to have this illegal dam removed and to grant no water right to Messrs Smith or allow them or any other person to dam or interfere with the natural flow or high water flow of the Ribstone Creek. Motion unanimously carried. On the official being asked to define what high water or overflow meant, he could not give figures nor would further survey.

All agreed that no damage had been done by any overflow during the past 17 years but on the other hand, great benefit had been derived therefrom here and there as it passed along.

The utmost indignation prevail in this district that any person should be allowed to control the running water and selfishly use it for his own purpose when every one below suffers from the shortage.

It was arranged to hold a mass meeting of everyone interested, at Ribstone Lake some time in June, after seeding, to view the effects of this dam.

## EDGERTON ECHOES

Edgerton is surely well represented in Edmonton this week. Miss Smith, Miss Fleming and Miss Compton and Messrs Teigen and Umbach were passengers on Thursday's No. 1 and on Friday, H. C. Dunlop and son Ian left to be commentators at the Edmonton Spring Show. Still later Messrs McAfee and Eddleton journeyed to the city for the Show.

Victor Forss and family passed through Edgerton on Saturday from Kirriemuir headed for their homestead at Elk Point. Viv used to be a resident here.

The wolf bug has severely bitten some of our worthy citizens and a real ticklish nine-hole course has been laid out and duly flagged. Several rounds have been played just to appease the hunger of the worst afflicted bugs, but no organization has yet taken place. This will be soon. Now Chauvin, if you have the fever too, we will soon be prepared to do battle against your stars. More about this will appear very shortly, scores reading something

like 100 strokes or 53 or so being gently hinted, but enuf.

Machinery: The secretary was asked to write to the Adams Lening Wheel Grader Co. regard a small leaning wheel maintenance grade and if the price did not exceed \$250.00 he was to order one shipped to Artland for Divisions 3 and 4.

Diversions: The secretary was asked to offer to the Soldier Settlement board a price of \$20.00 per acre for 1.78 acres diversion in the SE14-44-28W3rd. covering payment in full with compensation.

A co-operative method of control is more effective than a little effort on the part of a few, for should one farmer poison gophers on his own land without his neighbour putting forth a similar effort, only partial results will be obtained.

On the average farm it costs about one cent per acre for poison. The time to apply is early in the spring just as the snow is off the ground and there is shortage of green vegetation. The following receipt has been found effective when preparing wheat for poisoning gophers. Under ordinary circumstances it is sufficient to cover a section of land and several hundred yards on the outside of the farm, in order to check the inroads of gophers from adjacent land.

Dissolve 4 ounces of strychnine (a deadly poison) in three quarts of water, to which is added one quart of vinegar. Simmer on back of stove for about 12 hours then add water to bring the solution to about 1 gallon. Mix this with 50 lbs of wheat. It is advisable to use a tub for this purpose and cover it when mixed. Turn at least three times during the first 24 hours and then it is ready for use. A spoonful of this grain placed at the entrance of gopher holes will be found sufficient unless there are several gophers in the holes.

Estimates: Estimates for the year 1925 were laid on the table by the Secretary together with revenue and expenditure statement for 1924 and estimates in detail for the last few years. The estimate was considered in detail and a mill rate of 7.5 was ordered struck for municipal purposes for the year 1925. An amount of 3500.00 was passed as apportionable between divisions. Artland Road: A grant of \$200.00 was made on account of the Artland main road through the sand this grant to be charged to General Roads Fund.

Assessor: The Secretary-Treasurer was appointed assessor for the year 1925.

The following bills were passed for payment:

Moved to adjourn. Crd. The next meeting will be held in the office on the 20th day May 1925.

### GOPHER CONTROL

(Experimental farm note)

The farmer on the prairies loses thousands of acres of crops each and every year with the gophers. In many cases the losses are incalculable when there are such simple methods of keeping these rodents in check. There are districts where farmers organizations hold "gopher days" and other sections where school children are given a holiday and receive some small remuneration for gopher tails! Where this community co-operation exists the loss of crops from gophers is practically nil.

A co-operative method of control is more effective than a little effort on the part of a few, for should one farmer poison gophers on his own land without his neighbour putting forth a similar effort, only partial results will be obtained.

On the average farm it costs about one cent per acre for poison. The time to apply is early in the spring just as the snow is off the ground and there is shortage of green vegetation. Mrs. Newly-Rich: "Yes, my dear, our house was broken into last night just as we had started dinner. As a matter of fact we were eating our soup—"

Mrs. Candour: "Then of course none of you heard anything!"

"My wife is a fine singer. I have known her to hold her audience for hours at a time."

"Indeed!"

"Yes; after which she would put it in the cradle and rock it to sleep."

## Here and There

An unusual consignment passed through Montreal recently in the care of the Dominion Express Company when six Rocky Mountain sheep were shipped to Austria to form part of a zoological exhibit there. The animals, which are valued at \$600, came from the National Park at Banff, Alberta.

Alberta farmers have recently been shipping a new commodity to the market. During the past few years there has been a considerable increase in the number of bee-keepers and last year 180 keepers had a total production of nearly 60,000 pounds of honey, valued at approximately \$15,000. The exact number of bees is not known.

Contract for aeroplane spruce has been made between Vickers Limited, manufacturers of aeroplanes, and Frank L. Buckley, of Vancouver, B.C. The spruce will be logged on the Queen Charlotte Islands and milled at the Buckley Mill at Port Clement, on Graham Island, at Burrard mill, in Vancouver. The contract calls for the delivery of two million feet during 1925.

Canada leads the world in automobile exports in proportion to production, domestic sales or ownership of motor vehicles or to population. Not relatively but absolutely the automobile exports of the Dominion are only exceeded by those of the United States. Since 1920 the motor vehicle exports of Canada have nearly doubled, the increase being from 9.8 per cent. to 17 per cent. of the automobile export trade of the world.

A special train of forty-two cars containing nearly 900 head of stock for export to Great Britain, arrived at the Canadian Pacific Railway's East End stock yards, Montreal, recently. These, added to shipments from Packingham, Ont., Toronto and other points in Ontario and Quebec, made up what cattlemen claimed to be the greatest concentration of Canadian cattle for export in the history of the trade. From the yards the cattle were shipped by special train to the ship's side at St. John, N.B.

The Prince of Wales, just before setting out for his tour of South Africa and South America, took a lightning trip to the Wembley sports grounds. His Royal Highness was especially delighted with the children's section of the Park, Treasure Island, the main attraction of which is a Canadian Pacific model train in which the kiddies will "tour the Rockies."

The Canadian Pacific S.S. "Montroyal" docked at New York recently after her second and final West Indian cruise of the season with a variable zoo on board, collected by passengers and to be taken inland as souvenirs. It included 500 parrots, and love birds, several monkeys, a deer and a Mexican tiger. Some of these are destined for various cities in Canada.

Saskatchewan can boast of a family of six generations. Mrs. Odell, of Hanley, 93 years of age, has a great-great-granddaughter of six months. Her eldest daughter is 76. She has 33 grandchildren, 45 great-grandchildren, seven great-great-grandchildren and the little lady first referred to. Mrs. Odell still reads and sews without eyeglasses.

Immigrants who chanted and sang their happiness at arriving in Canada were witnessed recently at the Montreal Windsor Station when a batch of fifty canaries in six cages were housed there for a time waiting conveyance by train. They had already travelled over 3,000 miles from Liverpool and had a further prospect of another 4,500 until they reached their destination either at Vancouver or in some cases San Francisco.

The shield which was taken from the gates of Old Quebec when the city was captured by General Wolfe and now in the possession of the town of Hastings, will be returned to the Ancient Capital. The Hastings Council have decided to return the shield which was presented to them by General Wolfe, Murray, a descendant of the famous soldier.

Miss Ethel Loginska, temperamental pianist, gave another taste of her quality when she lectured a socially prominent audience, after coughing in the middle of a concert at Englewood, N.J. If you can't control yourself, please don't stay here," she remarked. About fifteen disgruntled members of the audience left the hall indignantly.

Trail Riders of the Canadian Rockies have developed the idea of using snow shoes for horses over the heavy snow tracks of that region. In this way great quantities of supplies are brought considerable distances across trails that would otherwise be impassable to heavy loads. Trail Riders are holding their second great Pow-Wow early in August next.

Devising a new kind of motion picture camera with a built-in motor that is almost noiseless, in operation, Burton S. Moore, proprietor of the Nictau Camps in New Brunswick, has succeeded in taking about 4,000 feet of film of wild life in action which will be shown in due course on Canadian and United States screens. He has been particularly successful in depicting every motion in that species of phenomenon by partridges known as drumming.

Over half of last year's western grain crop was handled by the Canadian Pacific Railway according to data just issued by the Dominion Bureau of Statistics. Of the total grain inspections numbering 172,556 cars during the year, 85,000 to February 28 last, 99,577 cars were on the company's lines, representing 100,000 to 150,000 tons of grain delivered at Port William and Port Arthur during the same period \$5.00 or 52.5 per cent are credited to the company.

When the round-the-world cruise passengers aboard the Canadian Pacific steamship "Empress of France," reached Egypt recently, they were entertained by Gauri Khattab, a prominent sheik holding authority over a large number of villages along the Nile. Unfortunately, the sheik succumbed to a sudden attack heart failure. The visitors from across the Atlantic before returning to their ship were permitted to attend the funeral, which was conducted in the desert with weird and impressive religious rites, an experience few world-travellers have known.

Between 300,000 and 400,000 Canadians and Americans of Norwegian origin will gather at Minneapolis and St. Paul in June next to celebrate by a great national gathering the hundredth anniversary of the landing of the first organized party of Norwegian settlers on this continent. President Coolidge, King Haakon of Norway in Exile, the Governor-General of Canada, have been invited to attend. Meetings of some forty Norwegian organizations, divine service by the Bishop of Oslo (formerly Christians), field songs, musical contests and historical pageants will make up the programme.

During 1924 the Canadian Co-operative Wool Growers' Association sold 2,600,000 pounds of wool, making a total of 35,343,504 pounds handled since its organization seven years ago. Wool was first exported in 1922.

Filings on oil land in South Alberta are drawing near. The E.P. ranch, owned by the Prince of Wales. The ranch is said to lie on a Benton outcrop and portions of it may have been staked out by oil seekers before the spring is far advanced.

Caribou are coming back to New Brunswick, says the Chief Game Warden of that province. This is regarded as a testimony to the progressive methods and employment by the guides who are fully aware that the best means of protecting their livelihoods is to see that hunting of big game is not carried to excess.

A hut is a palace to a poor man

A secret is a weapon and a friend

It is the hope of recompense that ruins the card-player.

The word "Canada" was derived from the Iroquois word "Kanata," a collection of huts. There is, however, a Spanish tradition, that some Spanish explorers visited the country, and, finding no mines or other appearance of riches, said, "Aca Nada"—Here is nothing," which, being repeated by the natives to subsequent visitors from Europe, was supposed to be the name of the country.

## RIESTONE W. I.

The regular meeting of the Ribstone Women's Institute was held in the Municipal Hall Saturday, April 4th, President in the chair.

O Canada was sung and creed recited.

Minutes of previous meeting were read and approved. It was discussed whether we should arrange a program for the year but we decided we would go on from month to month.

Moved by Mrs. Blair that the Ribstone Trading Co. bill be paid Carried.

Mrs. McCrea read part of Mrs. Hyuck's report on District three.

A short program was arranged for the next meeting and the roll call to be answered by a recipe.

After an interesting program the roll was called, eleven members present, three men to lunch. Collection \$1.85.

Lunch will be served by Mrs. Hurst and Mrs. O. Young at the next meeting which will be on May 2nd.

The meeting was brought to a close by singing "God Save the King."

VILLAGE SECRETARY'S  
SALARY IS \$200 A YEAR

There seems to have been a little misunderstanding as to the amount of the salary of the Secretary of the Village of Chauvin. This has arisen from the fact that a payment of \$300 was made to this official for salary during the period covered by the last annual report. The explanation of this is very simple. \$100 of this amount was overdue from the previous year and was paid during 1924. The salary is \$200.

"I've talked and talked to you until I am worn out."  
"Well, why not shut up for repairs?"

There are people apparently willing to remain at the foot of the ladder for the pleasure of pulling others down.
